

## SAFETY DATA SHEET

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200) (OSHA HCS)

### SECTION 1. IDENTIFICATION

Product name : Methylhydrazine Sulfate  
Product code : M0341

#### Manufacturer or supplier's details

Company name of supplier : TCI America  
Address : 9211 N. Harborage Street Portland, OR 97203 U.S.A.  
Telephone : +1-800-4238616/+1-503-2831681  
Telefax : +1-888-5201075/+1-503-2831987  
E-mail address : sales-US@TCIchemicals.com

Chemical Emergencies: TCI America (8:00am - 5:00pm) PST +1-503-2867624

Transportation Emergencies: Chemtrec 24-Hour +1-800-4249300 (U.S.A.)/+1-703-5273887 (International)

#### Recommended use of the chemical and restrictions on use

Recommended use : Use as laboratory reagent

---

### SECTION 2. HAZARDS IDENTIFICATION

#### GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Acute toxicity (Oral) : Category 3  
Acute toxicity (Inhalation) : Category 3  
Acute toxicity (Dermal) : Category 3

#### GHS label elements

Hazard pictograms :

Signal Word : Danger  
Hazard Statements : H301 + H311 + H331 Toxic if swallowed, in contact with skin or if inhaled.

Precautionary Statements : **Prevention:**

P261 Avoid breathing dust/ fume/ gas/ mist/ vapors/ spray.  
P264 Wash skin thoroughly after handling.  
P270 Do not eat, drink or smoke when using this product.  
P271 Use only outdoors or in a well-ventilated area.  
P280 Wear protective gloves/ protective clothing.

#### Response:

P301 + P310 + P330 IF SWALLOWED: Immediately call a POISON CENTER/ doctor. Rinse mouth.  
P302 + P352 + P312 IF ON SKIN: Wash with plenty of water. Call a POISON CENTER/ doctor if you feel unwell.  
P304 + P340 + P311 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/ doctor.  
P362 Take off contaminated clothing and wash before reuse.

#### Storage:

P403 + P233 Store in a well-ventilated place. Keep container tightly closed.  
P405 Store locked up.

#### Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

**Other hazards**

None known.

**SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

Substance / Mixture : Substance

**Components**

| Chemical name           | CAS RN   | Concentration (% w/w) |
|-------------------------|----------|-----------------------|
| Methylhydrazine Sulfate | 302-15-8 | >= 90 - <= 100        |

Actual concentration is withheld as a trade secret

**SECTION 4. FIRST AID MEASURES**

If inhaled : Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/ physician.

In case of skin contact : Take off all contaminated clothing immediately. Wash off with soap and plenty of water. Call a POISON CENTER or doctor/ physician if you feel unwell.

In case of eye contact : Rinse with plenty of water. If easy to do, remove contact lens, if worn. If eye irritation persists: Get medical advice/ attention.

If swallowed : Immediately call a POISON CENTER or doctor/ physician. Rinse mouth.

Most important symptoms and effects, both acute and delayed : None known.

**SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media : Dry powder, Foam, Water spray, Carbon dioxide (CO2)

Specific hazards during fire fighting : No information available.

Specific extinguishing methods : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Immediately evacuate personnel to safe areas. Cool closed containers exposed to fire with water spray. Remove undamaged containers from fire area if it is safe to do so.

Special protective equipment for fire-fighters : Use personal protective equipment.

**SECTION 6. ACCIDENTAL RELEASE MEASURES**

Personal precautions, protective equipment and emergency procedures : Wear suitable protective equipment. Keep people away from and up-wind of spill/leak. Entry to non-involved personnel should be controlled around the leakage area by roping off, etc.

Environmental precautions : Prevent product from entering drains.

Methods and materials for containment and cleaning up : Pick up and arrange disposal without creating dust.

**SECTION 7. HANDLING AND STORAGE**

Technical measures : Prevent dispersion of dust.

Local/Total ventilation : Ensure adequate ventilation. Handle product only in closed system or provide appropriate exhaust ventilation at machinery. Use a local exhaust ventilation.

Advice on safe handling : Avoid contact with skin, eyes and clothing. Wear personal protective equipment. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not subject to grinding, shock or friction. Wash hands and face thoroughly after handling.

Conditions for safe storage : Keep container tightly closed. Store in a cool and shaded area. Keep in a well-ventilated place. Keep under inert gas. Store locked up. Avoid shock and friction.

---

## SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

**Engineering measures** : Install a closed system or local exhaust. Also install safety shower and eye bath.

### Personal protective equipment

Respiratory protection : Dustproof gas mask, Self-contained breathing apparatus

Hand protection : Impervious gloves

Eye protection : Safety glasses, Safety goggles, Face-shield

Skin and body protection : Impervious protective clothing

\*Use personal protective equipment (PPE) approved under appropriate government standards and follow local and national regulations.

---

## SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                                  |                     |
|--------------------------------------------------|---------------------|
| Appearance                                       | : Solid form        |
| Color                                            | : white - yellow    |
| Odor                                             | : No data available |
| Odor Threshold                                   | : No data available |
| pH                                               | : No data available |
| Melting point/freezing point                     | : 289 °F / 143 °C   |
| Boiling point/boiling range                      | : No data available |
| Flash point                                      | : No data available |
| Flammability (solid, gas)                        | : No data available |
| Upper explosion limit / Upper flammability limit | : No data available |
| Lower explosion limit / Lower flammability limit | : No data available |
| Vapor pressure                                   | : No data available |
| Relative vapor density                           | : No data available |
| Relative density                                 | : No data available |
| Solubility(ies)                                  |                     |
| Water solubility                                 | : very soluble      |
| Solubility in other solvents                     | :                   |
| slightly soluble                                 | : Alcohol           |
| Partition coefficient: n-octanol/water           | : No data available |
| Autoignition temperature                         | : No data available |
| Decomposition temperature                        | : No data available |
| Viscosity                                        |                     |
| Viscosity, dynamic                               | : No data available |
| Viscosity, kinematic                             | : No data available |
| Molecular weight                                 | : 144.15 g/mol      |

---

## SECTION 10. STABILITY AND REACTIVITY

|                                    |                                                                                                         |
|------------------------------------|---------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No data available                                                                                     |
| Chemical stability                 | : Stable under normal conditions.                                                                       |
| Possibility of hazardous reactions | : May explosively decompose on heating, shock, friction, etc.                                           |
| Conditions to avoid                | : Heat. Avoid shock and friction. Exposure to air.                                                      |
| Incompatible materials             | : Oxidizing agents                                                                                      |
| Hazardous decomposition products   | : Carbon monoxide, Carbon dioxide (CO <sub>2</sub> ), Nitrogen oxides (NO <sub>x</sub> ), Sulfur oxides |

---

## SECTION 11. TOXICOLOGICAL INFORMATION

### Acute toxicity

Acute toxicity (other routes of administration) : LD50 (Mouse): 160 mg/kg  
Application Route: Intraperitoneal injection

**Skin corrosion/irritation** : No information available.

**Serious eye damage/eye irritation** : No information available.

**Respiratory or skin sensitization** : No information available.

|                               |                                                                                                                                                          |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Germ cell mutagenicity</b> | : No information available.                                                                                                                              |
| <b>Carcinogenicity</b>        |                                                                                                                                                          |
| <b>IARC</b>                   | No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. |
| <b>OSHA</b>                   | No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.                                 |
| <b>NTP</b>                    | No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.                 |
| <b>Reproductive toxicity</b>  | : No information available.                                                                                                                              |
| <b>STOT-single exposure</b>   | : No information available.                                                                                                                              |
| <b>STOT-repeated exposure</b> | : No information available.                                                                                                                              |
| <b>Repeated dose toxicity</b> | : No information available.                                                                                                                              |
| <b>Aspiration toxicity</b>    | : No information available.                                                                                                                              |
| <b>RTECS No.</b>              | : MV7750000 (Methylhydrazine Sulfate)                                                                                                                    |

## SECTION 12. ECOLOGICAL INFORMATION

### Ecotoxicity

No data available

### Persistence and degradability

No data available

### Bioaccumulative potential

No data available

### Mobility in soil

No data available

### Other adverse effects

#### Product:

|                           |                                                                                                                                                                                                                                                                                                                  |
|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Ozone-Depletion Potential | : Regulation: 40 CFR Protection of Environment; Part 82 Protection of Stratospheric Ozone - CAA Section 602 Class I Substances<br>Remarks: This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B). |
|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 13. DISPOSAL CONSIDERATIONS

### Disposal methods

|                        |                                                                                                                                                                    |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste from residues    | : Disposal in accordance with local and national regulations. Take precautions against ignition or explode. Entrust disposal to a licensed waste disposal company. |
| Contaminated packaging | : Disposal in accordance with local and national regulations. Before disposal of used container, remove contents completely.                                       |

## SECTION 14. TRANSPORT INFORMATION

### International Regulations

#### **IATA-DGR**

|                      |                                |
|----------------------|--------------------------------|
| UN/ID No.            | : UN 2811                      |
| Proper shipping name | : Toxic solid, organic, n.o.s. |
| Class                | : 6.1                          |
| Packing group        | : III                          |

#### **IMDG-Code**

|                      |                                |
|----------------------|--------------------------------|
| UN number            | : UN 2811                      |
| Proper shipping name | : TOXIC SOLID, ORGANIC, N.O.S. |
| Class                | : 6.1                          |
| Packing group        | : III                          |
| EmS Code             | : F-A, S-A                     |
| Marine pollutant     | : no                           |

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable for product as supplied.

**Domestic regulation****49 CFR**

|                      |                                 |
|----------------------|---------------------------------|
| UN/ID/NA number      | : UN 2811                       |
| Proper shipping name | : Toxic solids, organic, n.o.s. |
| Class                | : 6.1                           |
| Packing group        | : III                           |
| ERG Code             | : 154                           |
| Marine pollutant     | : no                            |

**Special precautions for user**

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

---

**SECTION 15. REGULATORY INFORMATION****CERCLA Reportable Quantity**

This material does not contain any components with a CERCLA RQ.

**SARA 304 Extremely Hazardous Substances Reportable Quantity**

This material does not contain any components with a section 304 EHS RQ.

**SARA 302 Extremely Hazardous Substances Threshold Planning Quantity**

This material does not contain any components with a section 302 EHS TPQ.

**SARA 311/312 Hazards** : No SARA Hazards

**SARA 313** : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**Clean Air Act**

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM I Intermediate or Final VOC's (40 CFR 60.489).

**Clean Water Act**

This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.

This product does not contain any Hazardous Chemicals listed under the U.S. CleanWater Act, Section 311, Table 117.3.

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

**US State Regulations****Massachusetts Right To Know**

No components are subject to the Massachusetts Right to Know Act.

**Pennsylvania Right To Know**

Methylhydrazine Sulfate 302-15-8

**Maine Chemicals of High Concern**

Product does not contain any listed chemicals

**Vermont Chemicals of High Concern**

Product does not contain any listed chemicals

**Washington Chemicals of High Concern**

Product does not contain any listed chemicals

**California Prop. 65**

WARNING: This product can expose you to chemicals including Methylhydrazine Sulfate, which is/are known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**TSCA list**

No substances are subject to a Significant New Use Rule.

No substances are subject to TSCA 12(b) export notification requirements.

---

**SECTION 16. OTHER INFORMATION**

Revision Date : 10/23/2024

This SDS was prepared sincerely based on the information obtained, however, any warranty shall not be given regarding the data contained and the assessment of hazards and toxicity. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. The products are supposed to be used promptly after purchase in consideration of safety. Some new information or amendments may be added afterwards. If the products are to be used far behind the expected time of use or you have any questions, please feel free to contact us. The stated cautions are for normal handling only. In case of special handling operations, sufficient care should be taken, in addition to the safety measures suitable for the given situation. All chemical products should be treated with the recognition of "having unknown hazards and toxicity", which differ greatly depending on the conditions and handling when in use and/or the conditions and duration of storage. The products must be handled only by those who are familiar with specialized knowledge and have experience or under the guidance of those specialists throughout use from opening to storage and disposal. Safe usage conditions shall be set up on each user's own responsibility.
