Carnosic Acid

By chemical synthesis, we proudly supply carnosic acid, the main antioxidative substance in rosemary at a low price.

Representative Research Topics of Carnosic Acids

- Skin-Whitening Effect
- Prevention of Hyperlipidemic
- Prevention of Arterial Embolism
- Lowering Glucose-Level

References

1) Antibacterial activity against Propionibacterium acnes and MRSA

2) Inhibition of adipocyte differentiation in mouse 3T3-L1 cells

3) Inhibition of human 5-lipoxygenase and suppression of pro-inflammatory responses of stimulated human polymorphonuclear leukocytes

4) Inhibition of lipid absorption

5) Oxidative stability of sunflower oil supplemented with carnosic acid

C2488 Carnosic Acid (Synthetic) 20mg / 100mg

For Laboratory Use, Research Purposes Only.
